TOSS FRAMEWORK

Transparency Good

- Hindustan Micro Finance Private Ltd (HMPL) is an NBFC-MFI incorporated in the year 1996 by its promoters under the Companies Act 2013 and was registered with RBI (NBFC) on March 25th, 2015, Bearing COR No. B-13.01761.
- HMPL is engaged in microfinance activities and mainly focus on providing financial and nonfinancial services to poor inhabitants in that region. The areas where HMPL operates are regions where some of the poorest people in India live and are largely unserved by formal and informal banking facilities. The regions were identified after conducting a market research survey.
- HMPL started its microfinance operations in the year 2008. Its registered office is located at 705/B, Sagar Tech Plaza, Andheri Kurla Road, Sakinaka Junction, Andheri (East), Mumbai -400072.
- o HMPL works in JLG model, MSME secured and Unsecured.
- Currently, the operations of the company are managed by Mr. Anil L. Jadhav, (Managing Director) and Satishkumar Gopalkrishnan Rao (Execute Director) and a team of experienced personnel.
- O HMPL is now working with 151 branches spread over 85 districts in seven states, Andhra Pradesh, Gujarat, Karnataka, Madhya Pradesh, Rajasthan, Telangana and Maharashtra where they are providing services to almost 1.30 lakh clients.
- As on March 31, 2024, HMPL is managing a total outstanding loan portfolio of Rs. 523.98 crore (it includes owned and managed portfolio).
- The existence of monitoring committees like HR & staff grievance committee, audit compliance corporate governance committee, risk, and grievance redressals committee.
- o Credit policies are well-established, documented and communicated.
- Transparency in the lending process and monitoring of end use of funds is adequate. The borrowers are aware of the lending policies of the company.
- The auditor has submitted an unqualified audit report and satisfactory feedback about the company.
- Overall disclosures are good.

Operational Setup

Adequate

- Long experience of management in microfinance, banking, financial, audit, risk, and social developmental activities.
- Supported by a four-members board with experience in microfinance, social services, and banking.
- o HMPL has a well-defined organization structure with a 3-tier reporting hierarchy and the existence of separate departments with clearly defined roles and responsibilities.
- o The company follows JLG approaches to extend the loans to individuals.
- o The company uses CoPASS Technology & Services Private Limited software which enables proper tracking and maintenance of MIS and preparation of reports within a minute.
- An adequate risk management system for tracking overdue and collection of delinquent loans is in place.
- Risk management systems are in place & commensurate with the size of the operation. Takes
 insurance cover for employees for infidelity, cash in transit and cash in safe. Insurance cover is
 also taken for borrowers & their spouses.

- Loan disbursements are made by the Head Office between 2-5pm through Bank Accounts of the borrowers after proper verification by the Head Office officials.
- The Company also conducts various internal and external training for their employees

Scale of Operations

Moderate

- Operates in 85 districts of 7 states through a network of 151 branches as on 30th September 2024.
- HMPL is a mid-sized MFI player with a loan portfolio stood at Rs. 578.29 crore as on March 31,
 2024.
- o Adequate borrower base, covering 1,29,876 active borrowers as on September 30, 2024.
- o HMPL has two loan products.

Sustainability

Above Average

- Strong second line of leadership; most of the senior management have adequate experience to manage the growing scale of operations.
- Legal form allows equity infusion from investors.
- Moderate operating risk profile where OSS stood at 102.09% in FY24. ROTA stood at 1.39% in FY2024.
- Operating expense ratio (OER) stood comparatively high at 8.34% in FY2024.
- o Gross NPA and Net NPA of the company stood low during the period under study.
- o PAR> 30 days has improved to 1.27% as on March 31, 2024, as compared to 1.46% as on March 31, 2023. Similarly, PAR> 90 days has increased to 0.78 % as on March 31, 2024, as compared to 1.00% as on March 31, 2023.

Industry outlook: Post the AP crisis and regulatory intervention by RBI, the microfinance sector has seen growth in loan portfolio on account of improving funding profile, control in operating expenses, improving margins and moderate leverage levels. The current focus of the microfinance sector is mainly on micro-credit with other products still evolving. Going forward, MFIs are likely to expand their client base and reach out to more underserved areas of the country. The outbreak of COVID-19 had significantly impacted the operations of Micro Finance Institutions (MFIs) in FY2021. However, the sector started to recover from FY2023 and continued its upward trend in FY2024 as well. Overall, AUM of the sector is expected to surpass Rs. 4 Lakh Crores by the end of FY2024.

Asset Quality (NPA Profile):

Particulars	FY22	FY23	FY24
Gross NPAs (Rs. Crores.)	0.00	0.16	0.18
Net NPAs (Rs. Crores.)	0.00	0.04	0.00
Gross NPA/ Gross Advances (%)	0.00	0.53	0.99
Net NPA / Net Advances (%)	0.00	0.13	0.00
Net NPA / Net worth (%)	0.00	0.31	0.00

Gross NPAs have increased from Rs. 0.53 crores in FY23 to Rs. 0.99 crores in FY24. Net NPAs has decreased to Rs. 0.31 crore in FY2024 as compared to Rs. 0.00 crore in the previous year. Going forward, maintaining this high quality loan book should continue being a focus area amidst business growth. Overall, the exceptional asset quality gives comfort regarding the MFI's credit evaluation, monitoring and control mechanisms to contain delinquency risk.

Moderation in profit margin	efficiency and staff productivity in order to improve the overall
	profitability.

TRANSPARENCY

	Y
Governance	 HMPL is registered as an NBFC-MFI. The advantage of this legal form is that it allows equity infusion from individual/institutional investors. HMPL is headed by a 4-member board having experience across microfinance, banking, financial, audit, risk, and social developmental activities. Currently, the operations of the company are managed by Mr. Anil L. Jadhav, MD of the company. He has more than three decades of experience in MFI sector. The board meets at least on quarterly basis to monitor the progress and discuss financial & operational performance. HMPL has formed various monitoring committees like HR, audit, grievance redressals committee etc. The monitoring committee meets on a quarterly basis to monitor the progress and discuss the financial and operational performance of the organization.
Transparency in lending process	 Credit policies are well-established, documented and communicated. The lending policies (including interest rate, processing fees and other charges) are clearly communicated to the borrowers at group meetings through training programs & orientations. Borrowers are made to sign a loan agreement clearly stating the terms & conditions and the covenants, thereof. Most borrowers are aware of the credit policies. The set of rules and regulations in relation to the lending policies are also displayed at the branches of the company on boards. Following points are also communicated through written documents: Interest rate Processing fees Loan tenure and payment schedule
Audit Quality	The auditor has given an unqualified report and satisfactory feedback.
Internal Controls	 Internal Audit HMPL internal audit covers operations processes both in the field and back office. The audit of field operations includes pre-inspection checks of all the forms with respect to KYC details provided by the members, ratings (high mark check) done by the Credit Officer (CO) /Branch Manager (BM), random utilization check post disbursement, tele verification of pre and post-disbursement, cross checking of area surveys, credit initiation process such as group homogeneity, CGT, GRT, loan disbursement, etc. Daily/ weekly demand projection is generated by "CoPASS Technology & Services Private Limited Software" that is shared with the accounts department and the operations team. Collection entries are updated in the software once the collection is done. The MIS monitors the

	 daily collection reports and ensures that daily collection matches the entry in the projection report. The accounts team ensures that the amount deposited in the bank matches with that of the collection amount in the daily collection report. HMPL has also adopted fair practices code issued by RBI for client protection. Audit of branches are conducted on quarterly basis. Once the audit is completed, the report is prepared in a predefined format and a copy of it is report is submitted directly to the audit committee and board of directors.
Policies	 Credit policies are clearly defined and documented (embedded in the operation manual) Credit policies are strictly adhered to for formation of groups, field verification and credit appraisal. Credit policy communication is done verbally through group meetings and training sessions to the group members. HR policies are clearly defined and documented. HR policies encompass recruitment and selection, induction and training, performance management and compensation management.
Transparency in utilization of funds	 Submits information/ book debt statements as per the requirement of the lender. Report is submitted to banks and financial institutions on a quarterly basis as per the stipulation of the lender. Reporting to lenders on collection and delinquency is also provided on regular basis.
Grievance redressals mechanism	 HMPL has a grievance redressals mechanism in place with a helpline number, email id printed in the loan card/passbook and there is one designated redressal officer. The helpline will remain opened during the office hours only in all working days from 9AM to 6 PM.

OPERATIONAL SETUP

Management	 HMPL has four governing body members with strong academic and managerial expertise in finance, microfinance, banking and social developmental services. The board members have extensive experience in Banking, Microfinance, and Social Development sectors. Currently, the operations of the company are managed by Mr. Anil L. Jadhav, MD of the company. He has more than three decades of experience in MFI sector.
Organizational Structure	• HMPL has a well-defined organization structure with a 4-tier reporting hierarchy whereby it has, Flied/Credit officers (FO/CO), Branch Managers (BM), Regional Manager (RM), Divisional Manager, Chief Executive Officer (CEO), Various Departmental Heads, and the Board Members. The company has been able to engage professionals in different departments, all having considerable experience in their area of expertise.

	• It has created separate departments with clearly demarcated roles and responsibilities for handling different functions. The detail
Level of decentralizatio n of branches	 organization structure is presented in Annexures 2. At Branch Level the Branch Manager and Credit Officer should look after the Branch administration and decorum. Branch Manager will visit and interact with staff to find out their awareness level on the organization and product for recommendation and cross verification. After the recommendation, the loan committee will approve the loan amount then the loan will be transferred to the borrower account. Senior members have strong and diversified experience in fields of
Second line of leadership	 microfinance, banking, financial, audit, risk and social developmental activities. Majority of the senior members understand the issues involved in day-to-day functioning and are involved in strategic decision making of the organization. Thus, at present HMPL has a reasonable second line of leadership. Brief profile of the senior management is provided above.
Human resources management	 Recruitment is conducted through employee referrals, a company website, advertisement etc. followed by a series of interviews with senior management. The HR team visits respective branches and arranges interviews of local candidates. Compulsory induction training is given to all new recruits on joining for about 1 day at respectively Branches, followed by onthe-job training. Training is given to fresh employees by the senior management members and an experienced trainer. Apart from this, periodic training programs are also conducted for staffs on a regular basis. The senior management members participate in external training programs, workshops, and conferences. The compensation structure of the employees contains the following components: Fixed Pay: The fixed pay includes Basic and a fixed amount as allowance. Other Expenses: The employees are provided with reimbursement for their travel expenses as per the organization's policy. All the statutory employee benefits such as PF, gratuity, ESI, etc. are being provided to all the employees. Performance appraisal is conducted once each year. The recruitment process is centralized at Head Office (HO) and is mainly handled by the HR manager under the guidance of the senior management.

• Total staff strength of 1,467 employees of which 142 are Field/Credit officers as on September 30, 2024.

Particulars	No. of employees
Senior Management	13
Credit Officer (CO)	142
Branch Manager (BM)	148
Regional Manager (RM)	31
Divisional Manager (DM)	3
Others (HO & Branch staff)	1,130
Total	1,467

- There is a well-defined promotion policy for the employees. Promotion of the employees depends upon the performance, skills, and written exam. The exam for the same is conducted on a half yearly basis.
- Encourages active participation in workshops and external training programs conducted by banks, financial institutions, etc.

HMPL provides loans to the individual members of groups for undertaking various income generating activities.

JLG Lending

- A dedicated team along with people from operations selects potential areas based on demographic and socio-economic profile.
- The CO visits the local areas & villages, interacts with potential customers regarding HMPL'S retail lending activity and their financial requirement.
- HMPL follows a model of joint liability of the group as well as selfhelp group model wherein the group members undertake the responsibility of forming a group undertaking joint liability to ensure timely repayment of loans. JLG should have 5-10 members (between the age of 18-58 years).

Operational methodology

- After identification of target groups, Compulsory Group Training (CGT) of 1 day duration is arranged by FO in which intending loanee members are invited to participate. In this training programmed, participants are imparted a thorough idea about the loan procedures, interest rate, processing fees and other charges, repayment schedule, insurance benefits and other loan related information etc.
- Compulsory Group Training (commonly known as CGT) is a 3-level training programmed to make the clients aware of the products, rules and procedures. By the end of the 3-level training, clients must be well versed in all the terms of the product, rules and procedures related to their social and economic development, the loan application and repayment. Through CGT regular

- meetings have become a habit of the clients. Timeliness and disciplines are systematically taught to clients through CGT which needs to be maintained through the entire programmed.
- Intending loanee members shall apply for loan, which shall contain purpose of the loan, loan amount. The CO shall ensure that the loan applications have been properly filled in along with KYC documents and confirm the loan policy of the organization.
- Group Recognition Test (GRT) is kind of final test for the center GRT can be carried out only by BM. They are to be carried out at the time and venue that is convenient for the prospective clients. The BM shall refer to the GRT Form which contains details of all activities. The GRT should be completed within 3 days after completion of CGT.

Rationale of the GRT

- ✓ To verify the customer profile (should fit into target segment)
- ✓ To determine whether the prospective clients meet the conditions of group formation, and that they know and trust each other well, by questioning them.
- ✓ To determine the prospective clients' knowledge and understanding of agreement with the objectives and important rules of the micro finance program, particularly the verbal contract, by testing them verbally (each member must pass before the Group can be passed).

The GRT can be used as a tool to get useful feedback from the prospective clients and their husbands about the attractiveness of the micro finance program and how it could be made more attractive.

- The BM ascertains if all the members know each other and whether they are aware of their family details, income levels and repayment capability in case a particular member avails themselves of a loan.
- Once the members answer the questions satisfactorily, and group solidarity is ascertained, the group is passed, and BM informs them of the tentative disbursement date & the EMI date. This is fixed based on the slot availability of the time and date of CO.
- The BM then briefs the group on the importance of Joint Liability in availing a loan and takes verbal confirmation from the client.
- **Very important**: If the members do not pass the GRT the BM shall in a polite manner convey his decision of not approving the loan. Further the BM shall communicate to members as to when the GRT shall be held.
- For every group there is a group leader selected by the group to manage the operations of the group.

Appraisal Process:

- Loan application is collected by FO, who then makes a visit to the prospective member's household and/or business place and examines the credit history, business prospects and other aspects.
- FO verifies borrower's repayment capacity through household visit and visit to the business entity or activity.
- During appraisal, the documents that are collected from the borrower are photo, id proof, and address proof. The documentation is adequate.
- Borrower's repayment capacity is further corroborated by group members.
- Then FO submits the loan application to BM along with KYC documents. Branch Manager conducts the appraisal and frames his comments on the loan application. From Branch Manager, the next level of screening is done by the respective Area Manager. After his consent, the proposal goes to the HO credit committee, which includes Chief Operating Officer (Operations) and the Finance & Accounts Departmental Heads for final approval based on the recommendation of the Branch Manager and the past repayment history of the groups.
- The operations are centralized with Head Office (HO) having the final authority for loan sanction & disbursement. However, the Branch Manager is responsible for loan collection and delinquency management.

Appraisal process

Credit Risk:

To avoid credit risk, HMPL has adopted the following procedures:

- Stringent Know Your Customer (KYC) policy is manifested and maintained.
- The Audit Executive is responsible for the accuracy of all data entries, documentation, and audit compliance.
- Field investigations are done by Credit Officers and Branch Manager.
- The software automatically prepares enquiry format in the backend for each customer and sends to CIC (through partner's credentials) and obtains a credit bureau report (CBR). RBI guidelines on multiple lending and client over-indebtedness frame the base criteria for any loan approval. Stringent appraisal system to assess the genuine need of the customer.
- Centralized connect with each customer for ensuring righteous and timely credit.
- Effective loan end use verification and loan monitoring mechanism for credit risk management.
- Constant contact with customer by field functionaries and end use verification.

	• Adoption of UID for all loan disbursed to make the Credit Bureaus Information more reliable and reduce the systemic risk significantly.
	Credit and HR policies are clearly defined and documented.
	• Credit policies are largely adhered to formation of groups, field verification and credit appraisal.
	Regular checks in System for better monitoring.
Disbursement process	 Sanctioning and disbursements of loans are made to the borrowers from Head Office through Bank Accounts of the borrowers after proper verification by the Head Office officials. Once the disbursement is made, a message is delivered to the borrower regarding the same. Loans are disbursed only for viable projects, such as-agriculture, animal husbandry, small transport, small cottage, small business, small trading, service, and sanitation. At the time of disbursement, loan agreements are executed from the borrowers. All disbursements are made at the branch in the presence of FO and BM and one witness from the respective group/centre other than the center leader. The witnesses cannot be borrowers. If the disbursement is cancelled in full or part, the same has to be informed to the Area Manager, Finance and the Operations department immediately via email. Any cancellation of loan, at the time of disbursement, must be informed to Operations and Finance to avoid future reconciliation issues. Borrowers sign their name on the Loan Disbursement Sheet acknowledging the receipt of the loan. Loan books are provided to borrowers and loan register is maintained at group level. One copy of loan agreement is provided to the customer as per their request.
Loan collection process	 All of the loans of HMPL are under monthly instalment method. Every credit officer has a collection register where he notes the daily demand details from the software before going to field for collections. The collection of loan is done by mode cash and bank transfer. The collections are made at the group meetings where the credit officer signs the loan card while collecting the amount and separate receipts are issued. The loan card also has the amount to be collected on that particular date. The credit officer also ensures the maintenance of group register where the attendance of all the group members for the meeting and the resolution passed during the meeting where noted.

	Resolutions passed also capture addition of new members to the
	group and minutes any other agenda points.
	Daily Repayments are collected at the pre-decided place and time
	by the FO and handed over to the BM by 1.30-2:00PM.
	Adequate risk management system for tracking over-dues and
	collection of delinquent loans is in place.
Overdue	• In the initial stages of over-due, FO does the follow up and if the
management	overdue period is elongated then the BM steps in to make recovery.
process	There is a well-defined process laid out for follow-up and
	collection of delinquent loans based on overdue bucket. In case of
	other cases, intervention of HO is done.
	The Company uses CoPASS Technology & Services Private Limited
	software to ensure smooth flow of operational data between Head
	Office and branches.
	This is used for maintaining MIS which will help the company
	better to manage the customer loan lifecycle.
	It is very user-friendly software which enables proper tracking and
	maintaining of MIS and preparation of reports within a minute
Management	The company has also implemented a technology enabled inbound
Information	and outbound service and also to redress their grievances.
Systems	In addition, the company has commenced digitization of all
	documents and records for easy storage and retrieval.
	All the branches are being computerized. The loan documentation
	process is maintained as individual basis.
	• The types of reports is being generated like – Branch Summary,
	Demand vs Collection, PAR Report, Disbursement and
	Repayment Report, Outstanding Report, Route Plan, Insurance
	Report, Performance Report etc.
	HMPL has reasonable cash management systems in place at all branches.
	HMPL has opened separate bank accounts for each of the branches.
Cash	• Branches deposits cash in the branch bank account on the same day or next day of collection. Cash vaults/Almirah is present at
management	every branch for safe keeping of cash.
systems	Funds that need to be transferred from HO to branches are done
	through RTGS. Salaries of the employees and reimbursement of
	expenses are paid in respective bank account.
	The details of transactions for the day are updated in the MIS
	daily.
	HMPL provides insurance services with IRDA approved
Insurance	insurance agency to its clients. The loan amount is covered in the
	case of client's death.
	case of chefit b double.

SCALE OF OPERATIONS

Key Factors	As on March 31, 2024			
Client base (Number)	 HMPL extends loans to JLG Groups The JLG groups associated with HMPL have all women members. Number of borrowers stood at 1,24,208 active borrowers as on March 31, 2024. 			
Assets under management	 Loan disbursed during FY2024 was Rs. 368.63 crore. Total outstanding loan portfolio stood at Rs. 486.51 crore as on March 31, 2024. 			
Geographical diversification	• Presence in 85 districts of 7 states with 150 branches as on March 31, 2024.			
Total income	• Total income stood at Rs 45.65 crore 0.59 crore in FY24.	with a PAT of Rs.		
	Particulars	Rs in crore		
Current year	Total Income	26.10		
performance during	PAT Tongible Not worth	0.59		
Q2FY25	Tangible Net worth Total loan portfolio outstanding	15.92		
	(owned + BC)	578.29		
	Total debt	16.32		

Note: The company reported total AUM of Rs. 578.29 crore as of Q2 of FY 2025. As informed by the management, the company is expecting to grow its operation to Rs. 725 crore by the end of FY 2025.

Operational Sustainability

Operational Sustai	
Operational Susta	ainability
Second line of leadership	 Majority of the senior members understand the issues involved in day-to-day functioning. Involved in strategic decisions as they have developed a good understanding of the microfinance sector. Senior members are experienced in fields like microfinance, banking, financial, and social developmental activities.
Competition	 HMPL operates in 7 states i.e. Maharashtra, Telangana, Andhra Pradesh, Gujarat, Rajasthan, Karnataka and Madhya Pradesh. There is an ample presence of competitors in the mentioned states. As on September 30, 2024, HMPL portfolio concentration in the state of Andhra Pradesh accounts for 22.52 percent, and rest 77.48% percent in other 6 states. To mitigate any potential risk arising out of geographical concentration, HMPL has been diversifying its presence across states.
Industry Outlook	 Industry Risk Analysis Credit risk is the most common risk for MFI. The risk is of greater significance for MFIs as it must deal with many clients with limited literacy. Further, MFI provides unsecured loans, i.e., loans without any collateral. Transaction risk is related to the individual borrower with which the MFI is transacting. A borrower may not be trustworthy and capable of repaying loans which will result in loss of loan. All loss of loan related to the delinquency of individual clients which can be because the client's migration, wilful defaulting, business failure, etc. Portfolio risk is related to factors, which can result in a loss in a particular class or segment of the portfolio. For example, an MFI may lose a portfolio with a particular community, locality, or a particular trade due to some external reasons. These reasons could be political, communal, failure of an industry /trade, etc. Delinquencies can also happen as an aftermath of a natural disaster such as floods, drought, earthquakes, or epidemic. Industry Outlook: The outbreak of COVID-19 had significantly impacted the operations of Micro Finance Institutions (MFIs). The MFI sector which has registered the CAGR growth of over 35% in last five years, amidst this pandemic crisis, faces serious challenges on

	 collections, asset quality and cash flow management. Due to the moratorium, the collection level has been severely impacted in turn affecting cash flow and ALM. The industry started to gain momentum in Q2-FY2021 with the ease of nationwide lockdown. Broadly, the disbursement was back to pre-covid level as on December, 2020. Disbursements have partly picked up since many players are resorting to lending to existing borrowers so as to help them repay and tide over the stress. In the context of the re-emergence of asset quality stress in the second wave of COVID 19, RBI's measures to provide better funding access to the sector came in a timely manner. RBI has announced in its latest relief package on May 5, 2021, that SFBs can tap a Rs 10,000 Cr special long term repo operations (SLTRO) funding programme which can provide funds at the repo rate of 4.0% for a tenor upto 3 years. The sector started showing improvements right from the Q1 of FY 2023 as Y-O-Y growth was almost close to the pre-pandemic level and overall, on-time repayment rate surpassed than 95% backed by the revival of demand and improvement in overall business environment. Total AUM of the sector stood at Rs. 3,51,521 crores as on Q4 of FY2023. The sector continued its upward trend further in FY2024, while total AUM of the sector had grown to Rs. 3,93,165 crores as of Q3-FY2024 registering a growth of ~12% over the Q4-FY2023. Asset quality indicators in all time brackets had improved in FY 2024 over the previous year. Overall PAR>30 days and PAR>90 days of the sector had improved to 2.24% and 1.04% respectively as on Q3-FY2024.
Loan Products	HMPL offers two loan products as on March 31, 2024. Details on the loan product are provided in Annexure 3. The company provides loans to the JLG members based on their requirements.
Access to funds	HMPL has access to funds from bank and financial institution, on the
and ability to raise funds	back of its satisfactory operational and repayment track record.
Vision	In coming years, HMPL plans to expand its branch network in and around the above-mentioned states.
Efforts to increase outreach and coverage	HMPL is expecting significant increase in its income from micro financing activities with proposed scaling up of its operations in other districts of the existing states. The microfinance business has been in a subdued state since last few years as the financial institutions have reduced lending to microfinance sector due to occurrence of some chit fund activities and covid impact on the rural economy.
